

APSCVIR OUTREACH PROGRAMME MASTERCLASS IN LOWER LIMB ANGIOPLASTY

Saturday, 24 July 2021 | 2pm—4pm (Singapore Time)

DISTINGUISHED PANEL OF ASIAN IR MASTERS

DR TOMOYASU
SATO
JAPAN

DR JE HWAN
WON
SOUTH KOREA

DR GERARD
GOH
AUSTRALIA

DR ANKUR
PATEL
SINGAPORE

DR TAY KIANG
HIONG
SINGAPORE

The Masters will show case a wide spectrum of endovascular revascularization techniques and strategies in the management of acute and chronic lower limb ischemia covering the aorta-iliac, femoro-popliteal, below the knee and below the ankle vascular territories. The toolbox, including guidewires, support catheters, specialty balloons and stents, drug eluting platforms, atherectomy and thrombectomy devices, novel technologies, lesion crossing techniques as well as bail out options for intra-procedural complications will be highlighted.
